Two Great Republicans.

Hughes and Taft.

Charles Evans Hughes, Republican candidate for the Presidency, and William Howard Taft, former President of the United States, met on June 30 at Bridgehampton, N. Y., where they went over details of the campaign and where arrangements were made for Mr. Taft to take the stump for the candidate.

## HUGHES WILL REALIZE PLAN TO TOUR COAST.

National Chairman Wilcox and Party Leaders Indorse Nominee's Proposal to Speak Five Weeks on Pacific Coast—Both Republicans and Democrats to Open Campaign in Maine.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]  
NEW YORK BUREAU OF THE TIMES, July 6.—The Presidential campaign will be opened both by the Republicans and the Democrats in Maine within a week. That, at least, was the forecast at both the Hughes and the Wilcox headquarters today. Frederick Hale of Maine, candidate for United States Senator, called on Mr. Hughes this morning at the Astor and asked him to speak in Maine, but the Presidential candidate would make no promise. Mr. Hughes conferred with National Chairman Wilcox, who approved the candidate's tentative programme for a speech-making tour to the Pacific Coast. George W. Perkins, William Allen Smith of Kansas, Herbert Knox Smith of Connecticut, Chester Rowell of California, James R. Garfield of Ohio and Everett Colby of New Jersey will be the Progressive members of the Republican Campaign Committee. It was authoritatively learned today. The nominee spent a busy day in conference with many leaders. He also had another long talk tonight with Mr. Wilcox. Mr. Hughes expects to return tomorrow afternoon to Bridgehampton.

## CALLES TO KEEP PEACE ON THE MEXICAN BORDER.

[BY A. P. NIGHT WIRE.]  
DOUGLAS (Ariz.), July 5.—Gen. P. Elias Calles, military commander in Sonora, issued a statement through Consul Ives G. Leveier here today that he intended to preserve the best possible relations between Mexico and the United States along the Arizona-Sonora boundary line and would co-operate with the American authorities to that end. He also announced he had sent a description of the Mexicans suspected of killing William Parker and his young wife at the Double Adobe ranch, fifty-five miles southwest of Bisbee, N. M., June 27, to the military authorities in Chihuahua, where they are thought to be at present. Gen. Calles said he would turn the prisoners over to American officials to be tried for murder. Gen. Calles stated Gen. Juan Cabral, Gen. Francisco Sosa, Maj. Frederico Platt and other "reactionaries" as he termed them, had offered their services to the Mexican government through him before going to Juarez. Calles added that he took the responsibility of refusing them permission to re-enter the country. They did not accept his refusal as final, going to Juarez and offering their services to Gen. Trevino, who also refused to receive their allegiance.

## SECOND GERMAN LINES CARRIED BY FRENCH.

Russians Cut the Austrian Communications with City of Lemberg.

[BY ATLANTIC CABLE AND A. P.]  
PARIS, July 5, 11:30 p.m.—The French have carried by assault the second German lines on a front of two kilometers from the Olery-Maricourt road to the River Somme. They have also captured the village of Hem, in the same district, according to the official statement issued by the French War Office tonight. The French have captured all the German second positions south of the Somme on a front of about ten kilometers. They also have completed the occupation of the village of Estrees, where 200 Germans surrendered.

PETROGRAD, July 6 (via London, 2:16 a.m.)—The Russians have cut the Delatyn-Korosemezo railway, the principal line of communications for the Austro-German forces defending Lemberg, and have routed the enemy on the right bank of the Dniester, according to an official statement issued by the War Office.

LONDON, July 5, 10:17 p.m.—The French continue to make more progress than the British on the western front, owing partly to the more difficult ground facing the British and also to the fact that stronger forces are opposing them because of the belief among the Germans that the main attack in the present operations will be on the British front. But, despite their slower progress, the British are successfully beating back heavy German counter-attacks which have been delivered both day and night in the regions of La Boisselle and Thiepval, and, generally, between the Ancre and the Somme, where they are making steady progress. It is estimated that the German losses in the battle of the Somme thus far are approximately 40,000. The capture of guns has been comparatively small, because the Germans, in anticipation of the offensive, withdrew their big artillery to longer ranges before the battle began. According to aerial observations on the French front in the direction of Peronne, there are now only three more trench systems between the French and the open country, and, if a break can be made in the German lines here, it would be extremely serious for the Germans, who are doubtless hurrying up reinforcements to make secure the threatened point. The Germans are sending reinforcements to the battlefield as far as Verdun and Lens, and it is thought that the continued heavy German attacks on the Meuse may be intended to conceal important transfer of troops behind the German lines.

## RESERVISTS' STATUS HALTS CONTROVERSY.

[BY ATLANTIC CABLE AND A. P.]  
LONDON, July 5, 5:10 p.m.—The controversy between the British government and the neutral countries from whose ships Germans have been removed has come to a standstill over the question whether reservists are to be considered as incorporated in the armed forces of a hostile power.

In the case of the removal of Teutonic subjects from the steamship China, decided in favor of the United States, Great Britain admitted the principle that she had no right to seize such subjects of hostile powers from neutral ships unless they were incorporated in the armed forces of belligerents. In some cases the German government declined to recognize the inclusion of its subjects belonging to the forces and until the neutral diplomats can get definite information as to the status of the subjects on this point they are handicapped in their efforts to prove violation of their flag in these seizures.

## ALLIES MUST STOP NOW TO BRING UP ARTILLERY.

Both First and Second German Lines are Taken in Some Places and Important Plateau Sections—Rains Have Greatly Delayed Forward Movements of Gen. Foch's Army.

[BY ATLANTIC CABLE AND DIRECT WIRE—EXCLUSIVE DISPATCH.]  
PARIS, July 5.—The armies of Gen. Foch, operating south of the Somme, have arrived at a point where there must be a brief let-up in the advance in order not to make the mistake of wasting infantry in storming German trenches before proper artillery preparations. Three prominent elements enter into the situation. From the Somme south to Hill 63, about two-thirds of the distance between Avesvillers and Barleux, the French have taken both the first and second German lines. They also hold all the plateau sections dominating the valley in which lies Peronne; east of Peronne, however, there is another series of hills. The French advance in this region has been such that they must pause to bring up guns of all caliber before attempting to take the position. Thorough artillery preparation has been delayed by heavy rains during the last two days. These rains at times have reached proportions of cloudbursts and greatly hindered movements of artillery.

TO EXTEND ADVANCE. The third point is the extension of the advance to the south, which has been held up by the extremely strong German point at Estrees. The southern offensive is essential in order not to limit the advance to a dangerously narrow front. Estrees is a town of one street, with a double row of thick stone walls, houses extending two kilometers along an old Roman road from Amiens to Sequen.

It lies in such a position that it is pointed like an arrow toward the French advance. The Germans had turned every house into a fort.

It is a mistake to jump at the wrong conclusion that all, or even a large part, of the German army is to be found on the Somme. Consult the index and the summary, then read the entire issue and then get all the news of the day.

## VILLA AGAIN IN SADDLE.

Shadow of Bandit Scars Carranza.

Reason for His Surrender to the United States Found in New Activity.

But at Jimenez Indicates First Chief's Hands Full with Old Foe.

BY HARRY CARR.

[DIRECT WIRE—EXCLUSIVE DISPATCH.]  
EL PASO, July 5.—The Pancho Villa in the saddle again? A battle between Carranza and Villistas is reported as having taken place fifteen miles west of Jimenez, on the Corral del Indio, where Carranza's Gen. Ignacio Ramos was killed.

The fighting lasted more than two hours. Gen. Ramos is reported to have been greatly outnumbered. An attempt was made to send reinforcements to him from Jimenez, but the troop trains were held up by a wreck.

The first of this Villa uprising was evidently one of the reasons for Carranza's swift surrender to the United States. With the United States on the north and the Villistas on the south, the position of Carranza was at Chihuahua, between two fires.

Gen. Carranza, who recently joined the Carranzas, claimed to have had a telegram from Villa begging him not to become Carranza's enemy.

CHOICE OF FIGHTS. Those who know Mexico best have expressed the opinion from the first of this trouble that Carranza would choose to fight the United States or fight down another revolution.

It was not the amicable Carranza who had offered the United States financial aid as much as the release of the Tenth Cavalry captives and the release of Carranza from the United States.

## YOUTH STORM-BOUND; HURRICANE IN GULF.

Ninety-Mile Gale Reported from New Orleans to Florida.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]  
NEW ORLEANS, July 5.—A tropical storm which for the past few days has lashed the Gulf of Mexico, reached the southern shores of the United States today and tonight was sweeping coast States from Louisiana to Florida. Communication with Mobile and Pensacola was cut in the morning. Early tonight it was not known how those towns, caught in one center of the storm, fared. Elsewhere the damage reported was slight.

Warnings had been sent broadcast and it was believed tonight most of the people living in low places had sought safety on higher ground.

The center of the main hurricane tonight was off the mouth of the Mississippi. The weather bureau estimated that this storm was moving northward at a rate of eighty miles an hour.

NEW ORLEANS (La.) July 5.—A hurricane of great intensity struck the Gulf Coast from Galveston to Pensacola, Fla., today. The area of greatest intensity extended from Chief Menteur, La., to Mobile, Ala. The wind at Bay St. Louis, Miss., which seemed to be in the middle of the blow, is reported to have reached a velocity of eighty miles an hour, at Mobile seventy-five miles an hour. At New Orleans it was blowing thirty-four miles an hour at 9 o'clock tonight and not abating, while the barometer which had reached 29.40, was still falling. That the hurricane never reached the intensity of last September's blow when a maximum of 120 miles an hour was reached is certain tonight. However, great damage has been done in Louisiana, Mississippi and Alabama and it will be several days before the total amount can be ascertained. So far as learned tonight, with but one shaking wire working to Bay St. Louis, there has been no loss of lives on Mississippi Sound. Property damage is being reported. The exact number cannot be ascertained.

THE STORM came up suddenly out of the Gulf of Mexico and taxed the United States Weather Bureau force in getting warnings to the people on the lower Louisiana coast, many of which places are low and at which it is feared the storm may have caused residents to be injured, and occasioned heavy loss of life. It was in this section that a great many lost their lives last September.

HEAVY LOSER. The Louisville and Nashville Railroad, which road traverses the Gulf Coast, seemed to have been one of the heaviest losers. Its big bridge at Bay St. Louis was twisted by the force of wind, and its bridges at the Rigolito and Chief Menteur were damaged with the result that all train service was suspended. Tonight the Queen and Crescent Railway also announced its trains which crossed the north draw of the bridge, which will have to be repaired before used again.

Telegraph and telephone wires are down in all directions. There is not a wire out of New Orleans to the Gulf Coast and it is being reached by compromise.

## LLOYD GEORGE'S PLAN FOR IRISH PARLIAMENT.

Details of Scheme for Permanent Home Rule Published in London Papers Indicate that Sir Edward Carson will Sit as a Member of New Governing Body—Hopes for Future Amity Loom Large.

[BY ATLANTIC CABLE AND A. P.]  
LONDON, July 6.—The complete details of Lloyd George's scheme for permanent home rule of Ireland, were published in the morning papers. The following are the principal features: "First—An Irish House of Commons will be constituted by the transfer of the Irish House of Commons, seventy-eight members now sitting in the English Commons for the twenty-six home rule counties (the total Irish representation in the Imperial House of Commons is 103, of which twenty-three members sit for the six Ulster counties provisionally excluded from home rule.) "Second—Of the seventy-eight members to be transferred to the Irish House of Commons, seventy-six are Nationalists, or independents, while two are Unionists, namely Sir Edward Carson and J. H. M. Campbell, Attorney-General for Ireland. These two members represent Trinity College, Dublin. They have both consented to sit in the home rule Parliament and on this fact hopes are based for future amity. "Third—Members of the Irish Commons will remain in their seats in the English house. "Fourth—Considerable representation of the Unionist interests in the south and west of Ireland will be provided through the nomination of their representatives to the Irish Senate. It is proposed that the Senate sit and act with the Irish Commons during the temporary settlement, thus safeguarding the interests of the Unionists. "Fifth—The temporary settlement is to continue until the termination of the war. At that time the arrangement will come under the review of the great imperial conference which is to be held to adjust the government of the empire.

"Sixth—The framework of Irish finance in the home rule act will not be altered, but some increase will be made in the sum to be referred to Irish revenues from the Imperial treasury. "Seventh—A new Lord Lieutenant will shortly be appointed as a preliminary to the adoption of the new arrangement."

## EIGHTH ILLINOIS STILL TO ARRIVE.

[BY A. P. NIGHT WIRE.]  
SAN ANTONIO (Tex.) July 5.—With the arrival here today of the third and fourth regiments of the Illinois Infantry, there was lacking but one regiment, the Eighth, to complete the Illinois movement.

A battery of Wisconsin artillery arrived here, the first of the Wisconsin troops to arrive.

A mobilization of guardsmen, the assembling of supplies and the organization of new regiments provided for under the new army measure continued all along the frontier.

Orders to get the guardsmen and recruits into shape for hard service as rapidly as possible have gone to all regimental commanders.

## MAJ. HUTCHINS' BATTALION ARRIVES.

[BY A. P. NIGHT WIRE.]  
NOGALLES (Ariz.) July 5.—The second battalion of the Seventh California Infantry, Maj. Charles C. Hutchins commanding, arrived late tonight. Three trains bringing two troops of Connecticut cavalry and their mounts are expected early tomorrow.

# Specific Slope

Californians.  
NDEAVORERS  
BY THOUSANDS.

ackson Warmly Welcomes  
Convention Delegates.

oston Associate President  
Delivers an Address.

sions of the Divisions  
will Begin Today.

TOCKTON, July 5.—With approximately 2500 other delegates, the California Christian Endeavor Union opened its twenty-ninth annual convention at the Armory tonight. It is estimated that the total daily attendance will exceed 2500, and many have been provided for that number.

Delegates arrived this morning from San Francisco, Los Angeles, Eureka, Sacramento, Los Angeles and Fresno and proceeded to the Central Methodist Church, where several preliminary meetings were held. President Harry G. Denton of the first session to order at 7 o'clock tonight and address welcome were delivered by Mrs. W. O. Oulahan and the Rev. W. W. Oulahan, pastor of the First United Methodist Church. The program of the evening was the subject of an address by Rev. Daniel A. Poling, associate pastor of the Central Methodist Church, on the topic, "Christian Endeavor—A World Dynamic." The address was followed by a song choir of about seventy-five members of the local church, many of the soloists having been selected by the convention. Following the singing, the convention turned down to routine work, the preliminary meeting, which was held at 7:30 o'clock. Various sessions will be in session through the day.

Large stage occupies the north corner of the Armory. It is estimated that the total daily attendance will exceed 2500, and many have been provided for that number.

Men Killed  
BY FALL OF ROCK.

ATTLE (Wash.) July 5.—Three Northern main line through trains, which were covered by night by a fall of rock from a cliff, were delayed for several hours. The fall occurred near Emery, where a road was opened for traffic.

Y LAND-SEEKERS  
REACH COLVILLE.

NATCHEE (Wash.) July 5.—Seven hundred persons, who had been here up to 11 o'clock today, and in the Colville Indian reservation. A delayed train from Portland brought 550 land seekers from Seattle and other points.

# GLASS-BREAKING TRIALS PROCEED

Overrules Motion for Chicago Unionists.

wards Disclose Clear Case of Plot to Boycott.

roduction of Testimony is Begun for Defense.

CHICAGO BUREAU OF THE TIMES, July 5.—Judge Kitchin overruled a motion to take from the cases of William E. Crimer and Lawrence P. Lindeloff, defendant and secretary, respectively, of the Painters' Council No. 14, who are charged with extortion, conspiracy and mail fraud.

The judge said that they will have to stand trial with the other seventeen defendants, all of whom are charged with having perpetrated a plate-breaking campaign throughout the city and suburbs for the alleged purpose of extorting money from the merchants they could have it.

The state nolle pressed the defendant Raymond Cleary, business manager of the Electrical Workers' Union, Monday, Judge Scanlan indicated he was inclined to dismiss the charges against Crimer and Lindeloff. The prosecution, however, that the record of the record discloses a prima facie case of conspiracy to boycott against Lindeloff. The judge said he was not certain as to a verdict against Crimer and Lindeloff, but he might reconsider the motion if the state could show that the defendant had a guilty reputation. The judge said he was not certain as to a verdict against Crimer and Lindeloff, but he might reconsider the motion if the state could show that the defendant had a guilty reputation.

# MUTT AND JEFF—Everybody Should Have Two Vacations a Year, of Six Months Each. By BUD FISHER.

Copyright 1916 by H. G. Fisher. Trade-mark Registered U. S. Patent Office.

# RUSSIANS ARE DEFEATED; TURKS TAKE KERMANS SHAH

CONSTANTINOPLE, July 5 (via London, July 6).—The Russians have lost Kermanshah after a fierce battle, which lasted for two days, according to an official statement issued by the Turkish War Office. The text of the statement follows:

"After the Russians had been beaten in a battle west of Kermanshah, which lasted all day and night, our troops entered the town. The day before the battle, it was established that the Russian army had determined to defend themselves in the village of Mahdesh, but, owing to the swift and encircling movement of our forces, the Russian army held the place and, under the protection of which 103 occurred in the last twenty-four hours in or near the seat of the epidemic in Brooklyn. In one Brooklyn hospital today there were 235 children victims of the disease, many of whom, it was said, had only slight chance of recovery. The officers of the health department were besieged today by men, women and children, mostly foreigners, who, terrified by reports of the spread of the disease, demanded medical advice. It was necessary to summon extra policemen to preserve order. Since June 26, when the epidemic took hold, 702 cases of infantile paralysis have been reported. Of this number 133 died. Maj.-Gen. Wood today ordered what is virtually a quarantine of Governor's Island because of the epidemic. GERMANS FEARFUL OF ALLIES' THRUST. (BY ATLANTIC CABLE AND A. P.) LONDON, July 5.—The Central News correspondent at Amsterdam says the French advance on Peronne is "remarkable," and continues: "We know we are only at the beginning of the battle. The first pushes are usually dangerous, but it stands to reason that the introduction of important reserves by the attacking armies, which is to be expected to a certainty, will impose a very heavy task on the defenders. There is no question that the British will attempt to profit in their own offensive by the experience they gained through failure at the battle of Loos." The Volks Zeitung of Cologne says that in the widest circles of the German people the feeling prevails that if the allied offensive is held up Germany will have accomplished a great deal.

# ONE DEATH AN HOUR OF INFANTILE PARALYSIS.

NEW YORK, July 5.—The average of one death an hour was maintained today by the infantile paralysis epidemic, twelve children dying of the disease between 10 o'clock last night and 10 o'clock this morning in the five boroughs of New York City. At least ten more children are reported to have died from the disease during the night. Dr. S. R. Battelle, Brooklyn Health Commissioner, said today that the epidemic showed no signs of abatement. During a period of forty-eight hours there were 173 new cases reported.

# YOUR GROCER'S COW SPRINGS WATER

Order Today and become acquainted with the world's purest and most healthful table water. It's on the market to STAY in answer to the popular demand of the thousands who appreciate its superior qualities. This palatable and wholesome water is meeting with unanimous approval everywhere and is bound to become as staple in Los Angeles homes as flour and sugar.

ITS PALATABLENESS ALONE WILL CONVINCE YOU. ITS PURITY—ABSOLUTE. Carried by all leading grocers in various sizes bottles, ranging from 5-gallon demijohns, filled with either Indian or Granite Spring water. Indian Spring water is exceedingly soft; Granite Spring is a natural semi-medicated water, most healthful, and with its rare combination of mineral properties is an excellent stomach water. Call and see our interesting Educational Exhibit. Inquiries cheerfully answered.

A pen sketch of Sans Souci Castle in Hollywood, owned by Dr. A. C. Schloesser. This beautiful structure combines the German and Gothic style of architecture, and is a near replica of Soonest Castle on the Rhine.

## The making of a contest-proof Will is every man's sacred duty

The courts have proved that thousands of wills are not contest-proof. Millions upon millions of dollars have therefore gone to people and for purposes never at any time intended by the testator. The hurried making of wills by those inexperienced in the proper legal construction of this vitally important document, has caused no end of anguish, suffering and loss. It has utterly defeated the wishes of those who have conscientiously, earnestly, intended to confer righteous benefits upon their families, relatives or friends.

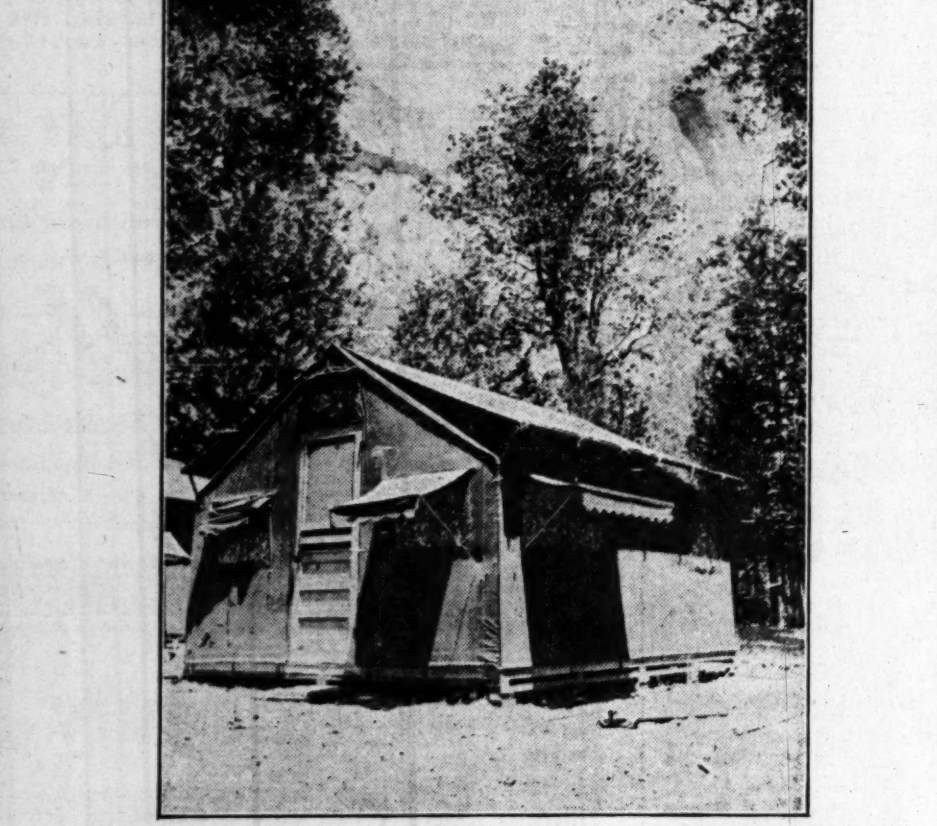

Have your will legally drawn by an experienced trust company—the Title Insurance & Trust Company. We have prepared the wills of many of the most prominent people in Southern California. The creation of a "living trust" today will insure an estate being left to your heirs. Without this modern safeguard or "estate insurance" adverse conditions may sweep away everything you have accumulated. Consult our Trust Officers. Free booklets upon application.

## ART DIVISION IN ITALY'S ARMY

Object is to Save Treasures from Destruction.

Famous Monuments in Venice Specially Guarded.

Soldiers in the Trenches are Interested in Work.

(A. P. FOREIGN CORRESPONDENCE.)  
HEADQUARTERS OF THE ITALIAN ARMY, June 5.—A department of fine arts is one of the features of the Italian army. It is attached to the General Staff, and it has proved to be such a highly important feature in modern warfare that admiration of it was expressed by Gen. Joffre and the late Lord Kitchener during their visits to Italy.

This art department was organized by Gen. Cadorna, commander-in-chief of the Italian army, primarily for the purpose of protecting and preserving the art treasures in the fighting areas, not only in Italian territory, but in places taken from the Austrians. It is headed by an art critic of international reputation, who has long been officially identified with Italian art and architecture, was appointed the head of the department just a year ago, since which time many million dollars' worth of art treasures have been taken in charge.

The art department is kept fully informed regarding the art treasures in the hands of the Italian army, and it frequently acts under artillery fire. Once the Austrians have been driven from a position, the art department conducts a thorough search for art objects and takes complete charge of them. The search often leads into graveyards and into vaults under the earth, where the Austrians have hidden for safe-keeping in the early days of the war. In many instances, the Austrians have taken everything away with them. For instance, they removed 1600 objects from the archaeological museum at Aquileia on the night of April 23, 1915, according to Lieut. Ojetti, at the very time Austria was offering this city to Italy through diplomatic channels.

**POLICY OF AUSTRIA.**  
According to Lieut. Ojetti, it was the policy of Austria before the war to hide from the Italian population all the Roman remains suggestive of the Italian origin of the country in which it now knew "unredeemed Italy," but he said that after the war the world will have through the Italian occupation a much larger store of Roman antiquities, the existence of many of which has hitherto been unknown. The work of the art department in Venice has given that city the aspect of a much handier fabled city. The art department has been carefully protected against the stray shells of Austrian aeroplanes, and monuments and statues have been placed around the finest buildings and monuments in the city. In 700,000 sacks full of sand have been placed around the finest buildings and monuments in the city. In 700,000 sacks full of sand have been placed around the finest buildings and monuments in the city.

**SAVES ART TREASURES.**  
In an interview with the correspondent of the Associated Press, Lieut. Ojetti told of his work and said that the war, instead of killing the artistic spirit, would make the art treasures of the Old World more loved than ever. "Right in the midst of this great war," he said, "the Italian government is doing its utmost to preserve the art treasures of the Old World. The soldiers in the trenches show a decided interest in art objects. For instance, when we dug up an old Roman mosaic, and not only the King but visited it many times, but thousands of soldiers were interested in it."

**CALOMEL TODAY, SICK TOMORROW**  
Dose of nasty calomel makes you sick and you lose a day's work.  
Calomel salivates! It is mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with your bile, it causes cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your drugist and get a 50-cent bottle of Dodson's Liver Tonic, which is a harmless vegetable substitute for calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money. If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.

## REVENUE BILL GIVEN APPROVAL

(BY A. P. NIGHT WIRE.)

WASHINGTON, July 5.—The administration general revenue bill, designed to produce about \$200,000,000 additional revenue from increased surtax on incomes and from taxes on inheritances and war-munitions profits, was favorably reported by the House Ways and Means Committee and probably will be passed by the House Monday.

The Republican members of the committee, Longworth of Ohio and Gardner of Massachusetts, voted with the Democrats for a favorable report, but reserved the right to express during debate their objections to the bill. The bill was introduced by the committee, Green of Iowa and Sloan of Nebraska, while the debate is expected to begin Thursday under a special rule providing for a final vote before adjournment Monday. The bill was definitely agreed on during the day by House leaders.

The committee report says that the necessity for revenue legislation is growing out of the necessary increase in appropriations for the army and navy and fortifications of our country.

**SITUATION SUMMARIZED.**  
The financial situation is summarized in this way: "The balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1917, \$26,922,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1918, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1919, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1920, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1921, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1922, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1923, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1924, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1925, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1926, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1927, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1928, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1929, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1930, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1931, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1932, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1933, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1934, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1935, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1936, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1937, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1938, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1939, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1940, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1941, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1942, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1943, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1944, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1945, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1946, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1947, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1948, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1949, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1950, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1951, \$1,000,000; the balance in the fund of disbursements over receipts for the fiscal year ending June 30, 1952, \$1,000,000; ### STRIKERS OVERAWED BY SMALL ARMY OF POLICE.

Showers of Rocks Only Demonstration as Harbor Work is Resumed.

200 uniformed policemen patrolling the harbor district, all of them prepared to meet emergency, the striking longshoremen and lumber yard employees were completely unnerved when a trainload of strikers arrived and went to work.

At about 8 o'clock a.m. its coming had been heralded among the strikers and more than 100 of them were standing along the track at the dead line established by the police as the train rolled in.

When the train came to a stop in the southeast end of the yard detectives rushed through the coaches and, to their amazement, found in the midst of the strike-breakers two brazen walking delegates. They were ejected forthwith, but made violent protest against the interruption of their plans.

### TWELVE MILLION DOLLARS FOR NEW FACTORIES IN HALF-YEAR.

BRISTLING with figures telling more strikingly than columns of words the tremendous growth of Los Angeles industries during the first six months of 1916, the semi-annual report of Industrial Commissioner Arthur W. Kinney of the Chamber of Commerce was yesterday transmitted to the board of directors of that body by D. P. N. Little, chairman of the Industrial Committee.

In his letter, accompanying the report, Mr. Little points out that the list of factory buildings constructed and now under construction in Los Angeles is greater for the first six months of this year than for all of 1915.

At the present time there is greater activity in factory construction and in placing new equipment than at any other time in the history of this region. There are at the present time thirty-seven important factory buildings in course of construction, contracted for, or occupied by new and old concerns since January 1.

At the present time there is greater activity in factory construction and in placing new equipment than at any other time in the history of this region. Pack and Hill's Furniture Co., San Fernando and Alpine. \$485,000.

Davis Standard Bread Co., Beaudry and Mignone. \$150,000.

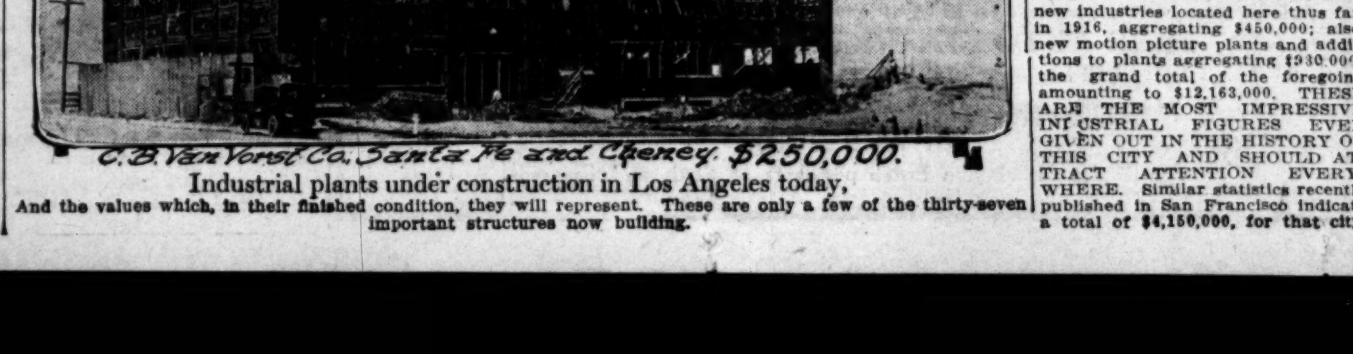

New unit, General Petroleum Co., Vermont. \$220,000.

Willis-Overland Motors Co., Eleventh and Hope. \$150,000.

Southern California Box Co., 2513 Santa Fe Ave. \$75,000.

C. D. Van Vleet Co., Santa Fe and Agency. \$250,000.

### TALE TOLD IN COLD FIGURES.

Concrete Facts that Mirror Our Amazing Industrial Development.

Following are some of the striking figures from the semi-annual report of the Industrial Bureau of the Chamber of Commerce. In all cases they are for the first six months of the present year:

Value of factories built and building	\$10,072,000
Additions to existing factories	411,000
Miscellaneous industrial plants	200,000
Moving picture plants and additions	930,000
Factory equipment and machinery	450,000
Total	\$12,683,000
Total in San Francisco, same period, 1915	\$4,150,000
New industries started here, 68	
Number factories now building	37
There are 115,000 acres of cotton planted in Southern California this year as against 40,000 acres in 1915.	
There are 100,000 acres of sugar beets against 75,000 a year ago.	
The tuna-packing industry has orders totaling \$2,000,000 already this year. In 1915 the industry brought in \$250,000.	

including a dry dock to be constructed at a cost of \$1,500,000. Among the important features of the present year having a bearing on the future industrial prospects of this region are the increased acreage devoted to the raising of cotton, amounting to 115,000 acres in 1916, as against 40,000 in 1915, and the increased production of sugar beets, the acreage for this year being 100,000 acres, as against 75,000 acres for 1915.

Other important developments are that of the pulp products industry, in which new institutions in this vicinity manufacturing potash, cellulose or fibre from this product. Other new industries in the manufacture of window glass, knit underwear, elkskin shoes, brass beds, olive butter, glass, knit underwear, chemical sundries, strontium nitrate.

### SEEK GHOSTLY INDORSEMENT.

Wallace Against Johnson for "Progressive" Support?

Not Definitely Decided, Says Ex-Lieutenant-Governor.

Three-cornered Fight for the Dead Party's Approval.

Obsessed with the hope that the "Progressive" party, though dead nationally, is still alive in California, A. J. Wallace, former Lieutenant-Governor, and Gov. Johnson are reported to be almost at sword's point in their zealous efforts to secure the exclusive approval of the deceased organization for their individual candidacies for the United States Senate.

Neither has the slightest idea of being nominated by a Republican vote, but both figure they have a chance through combination of support from various parties.

Mr. Wallace said last night he has not definitely decided to enter the race. "I am giving the matter serious consideration," he declared, "but until the 'Progressive' situation is cleared I will not say positively that I will be a candidate."

That Gov. Johnson is determined to seek the Senatorial honor is certain. He has called a caucus meeting, conference or something of the sort to be held in San Francisco next Saturday. The purpose is to secure the solid indorsement of former "Progressive" leaders, notwithstanding that he intends to be a Republican candidate.

### Semi-Annual Clearance

Today another day of opportunity

### "Khaki Kool"; "Kayser" Silk Sport Coats

\$32.50, \$35 and \$37.50 Values

### \$25.00

A sale of our high-class exclusive styles, beautiful colorings in plain and striped effects—deep sailor collars and latest ideas in cuffs, pockets and sashes.

### Clearance Silk Jersey \$15.00 and Wool Jersey Coats

Smart sports models in finest grades of all silk or all wool jersey; plain colors and dashing stripes and combinations; excellent assortment to choose from.

### Tub Silk Petticoats \$3.95

In white, with double front and back panel; deep flounce finished with fine tucks and small ruffles.

### Bathing Suit Special, \$4.95

"Annette Kellerman" models—Jersey slipover styles; some trimmed in contrasting colors, others with striped satin, sailor collar, etc. and belt.

### Silk Camisoles Special, 95c

Pretty styles in crepe de chine and wash satins, trimmed with all laces, medallions and Swiss embroidery; ribbon and lace shoulder straps.

### Hosiery; Values to \$1.00, Pr. 50c

Broken lines of silk, fancy and plain lisle, and plain cotton hosiery selling up to \$1.00 at 50c pair.

### Hosiery; Values to 75c, Pr. 25c

Plain lisle and cotton hosiery in black and fancy effects in socks and colors.

### First and Last Word in Phonographs

Contrast the original Edison Phonograph shown above with the latest EDISON DIAMOND AMBEROLA shown below.

In its day the first phonograph was a wonder simply because it reproduced the human voice with a fair degree of accuracy. Today the EDISON DIAMOND AMBEROLA is as great a wonder because it absolutely matches every human quality of the actual living voice.

The EDISON DIAMOND AMBEROLA is not a mere "sound reproducer." It is a superb musical instrument. You will realize this as soon as you hear it.

### New Features of the Diamond Amberola

Diamond Point Reproducer—Spring Motor—Suspended Resonator, etc., etc. Plays all Edison Blue Amberol unbreakable four-minute records.

### Three New Models \$30—\$50—\$75

Terms as Low as \$1 Weekly

Complete catalog of Edison Diamond Amberolas and the Diamond Disc mailed on request.

No. 75—\$75

DICK BAYLESS TO JOIN BEES.

(BY A. P. NIGHT WIRE.)

SALT LAKE (Utah) July 5.—It was announced today that First Baseman Dick Bayless, formerly of the Ogden Union Association club, and outfielder Dick Bayless, last year with Vernon, had been signed to play for Salt Lake. Bayless will play first base during the absence of Bunny Brief, who is seriously ill. Outfielders Shinn and Ryan are also on the hospital list.

him buy a few extra players, and when not using them put them to work exterminating the festive scale bugs. That is, when they are not entertaining the bugs at the ball park, they can be killing them off elsewhere.

We suggest an oyster farm for Henry Berry. This would make the Seals feel right at home.

IDEAS.

Frank Murphy, president of the Salt Lake club, should buy a bee ranch and operate an apiary on a large scale. There is big money in strained honey, although it is rather sticky business getting it out. Plainly, Dutch Klawitter needs some rest and recreation. Set him to work on the apiary extracting money from the strained honey and in a month he will be a new and better man. And when he reports to the club again, he should be able to stick also, the batters will not be able to comb his delivery for so many hits.

McCredie was compelled to turn loose a lot of his Ducks last spring because he had no ranch. Therefore, he should go and buy himself a poultry farm.

Frank Leavitt, president of the Oakland club, ought to make a success of raising mushrooms. He has already had some experience along that line, but the idea of starting a mushroom farm possibly never occurred to him. With his ball team as the parent stem he could soon have a large and flourishing crop of mushrooms.

It is to be hoped that the league will accept these suggestions in the spirit in which they are given, as we don't intend to charge anything for them.

EXTREMELY SAD.

The combat was saddened in the seventh by an accident to Ed Finney's foot. A foul tip from Tub Spencer's bat hit the same and almost tore it off. Ed hopped around on the other foot, as he always does in such cases, until the pain had subsided. It was a mighty good thing that Finney had two bats. Otherwise when his foot was hit by a foul tip and he didn't have another to use on which to hop he would be compelled to stand still in spite of the intense pain. In fact, the only way for him to take the weight off his foot when it was hurt, if he had only one, would be for him to stand on his head.

Something simply must be done for the protection of Ed Finney's foot because to witness so much suffering is something calculated to de-

FREDDIE WELSH IS SATISFIED.

Will Sign Articles upon His Return to Denver.

Charlie White Named for Probable Opponent.

Tremendous Purse Offered for Championship Go.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

DENVER, July 5.—Freddie Welsh, world's champion lightweight, has definitely accepted an offer of \$17,500 for a twenty-round decision battle for the championship before the Colorado Springs Athletic Club, known as the Hundred Million Dollar Club, on Labor Day.

FALSE REPORT.

It was first reported today that Welsh had signed articles and he would have to be for the fact that he was compelled to catch a fast train for San Francisco this afternoon, to get there in time to bid goodby to his sister, who sails for the Malay Peninsula Saturday.

The articles will be signed upon the deposit of a guarantee, which will be accomplished upon Welsh's return here. The club officials were prepared to put the money in the bank today, but all arrangements could not be made before Welsh left.

SOME PURSE.

The purse offered by the club for the bout is \$24,000. Today's fight made Welsh far more liberal than the demand of Welsh and his manager, who required but the terms of \$13,500 and a privilege of the gate receipts.

Welsh agreed to let the club officials pick out his opponent. It is generally accepted that Charlie White of Chicago will be the man who will get the chance at the title.

CARLSON SUES FOR A MILLION DOLLARS.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

TACOMA (Wash.) July 5.—William Carlson, former Mayor of San Diego, filed suit yesterday against the Maxwell Motor Car Company for \$1,000,000. This great sum is asked as damages for the death of William Carlson, Jr., who was killed on the Tacoma Speedway July 4, 1915.

"Billy" Carlson was driving at a terrific rate of speed when the machine left the track and he and his mechanic were killed.

BILL BURNS IS A MYSTERIOUS GUY.

There is some terrible excitement over Bill Burns, the Oakland south-

paw. Burns notified Elliott some time ago that he would report for duty this week and the Oaks have been depending on him to help in the badly depleted pitching department. If nothing is heard of the mysterious Bill, the good old telegraph will be pressed into service, and the line will be kept hot to Burns's Nebraska ranch.

SPEED MARTIN READY TO START.

Speed Martin seems to have entirely recovered from his recent injury and will be back on the job in a short time. "Rowdy" Elliott is hoping that Martin will keep up his excellent pitching record for this season and add a few victories to the Oak score. Martin was going in good shape when he broke a bone in his hand. This put him on the sick list for some time, but he is now K. K. now anxious to get back into his old berth.

"DOC" WHITE GETS OUT FOR EXERCISE.

"Doc" White, the veteran south-

paw, put on a Tiger uniform yesterday and tried tossing the ball around the lot. This is Doc's first appearance since he quit the game last October. White does not intend to try to make a comeback or anything like that. He simply wanted the exercise.

FINISH FIGHT WON BY WEEKS.

(BY A. P. NIGHT WIRE.)

TACOMA (Wash.) July 5.—A finish prize fight was fought near Olympia last night, Billy Weeks, the middleweight champion of Canada, knock-

For the Title.

Big League Polo.

CALIFORNIANS ARE DEFEATED.

Meadowbrook Hunt Club Team Slips Over a Victory.

Beadleston is Thrown and Severely Injured.

Games is Spirited and Fast from Start to Finish.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CEDARHURST (L. I.) July 5.—By a score of 6 goals to 1 1/2, the first team of the Meadowbrook Hunt Club, with two of its former international players, defeated the four representing the Coronado (Cal.) team this afternoon on the field of the Rockaway Hunt Club, in the final match for the Governor's cup.

THE WINNERS.

The conditions called for play on the flat, and on the winning team were F. S. von Stade, Charles Cary Rumsey, Henry P. Whitney and Devereaux Milburn, Meadowbrook's famous back.

On the Coronado team were M. M. Hecksher, Perry Beadleston (who after the third period was replaced by Rene Le Montague), Louis E. Stoddard and Malcolm Stevenson.

The Meadowbrook and Rockaway Hunt Club colonies and those of other Nassau county sections were on the sidelines and on the clubhouse verandas by the score.

ACCIDENT.

While Mr. Beadleston was trying to outflank Mr. Rumsey in the third chukkur, his mount was thrown while turning sharply on the ball. The pony fell heavily, partly rolling over on Mr. Beadleston, who was rendered unconscious. The game immediately stopped and the other poloists assisted the injured player. After regaining consciousness he was assisted from the field by Mr. Whitney, and then Rene Le Montague of the Rockaway Hunt Club took Mr. Beadleston's place and the game was resumed.

Coronado hit three goals and lost one and a quarter goals on penalties. Meadowbrook struck seven goals and made a safety in the sixth chukkur. Mr. Whitney was in particularly good form and made three goals, and Mr. Rumsey, who played one of the best games of the season, tallied four goals.

For Coronado Mr. Stevenson made goals and Rene Le Montague one. The game was spirited and fast from start to finish, and all the Meadowbrook players appeared in their former international form, playing an excellent team game and riding with much spirit.

DAYTON LEADS IN FIRST OF SEASON.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

SOUTH BEND (Ind.) July 5.—Apparatus to an order from President Dickerson of the Central League, the schedule will be divided into two seasons, the first season ending today and the second beginning with games of tomorrow. The one-day season, because of Dayton's and Grand Rapids' whirlwind start, caused the fans to lose interest and especially at Dayton the attendance fell off, although that city is the winner of the first flag.

The winners of the first and second seasons will play a post-season series of seven games to decide the championship.

GOOD-SPEED PARTY.

Benny Ziedman, popular publicity agent of the Film Arts Film Company, will leave for the East on his vacation today. He will visit New York, Chicago and other large eastern cities. An exceedingly enjoyable stag party was given in his honor last night by Bernard McConville at No. 1423 Sanborn avenue. A host of the inhabitants of flicker-ville were on hand to wish Mr. Ziedman bon voyage.

FISH CANYON IS NOT SO VERY BAD.

Jack Mart returned from Fish Canyon yesterday and reported the catch of a twenty-two-pound trout. This is the first animal of real size that has been taken out of this canyon for some time and it is expected that several parties will try their luck there in the near future.

FAST TIME IN MOTORBOAT RACE.

(BY A. P. NIGHT WIRE.)

ST. PAUL (Minn.) July 5.—The second day's racing of the mid-continent regatta under the auspices of the Mississippi Valley Power Boat Association, developed good races and fast time in all events. Miss Minneapolis, the Minneapolis Motor Boat Association entry, made a clean sweep of the race in which she was entered and developed a speed of 43.5 miles an hour in the second heat of the Webb trophy race.

The driftwood in the river which caused the postponement of yesterday's programme was still in evidence today and added to the difficulties of the races. Although the officials said last night that the course would be lengthened when the racing started today the mile and a quarter course was retained.

Is It Possible?

GRIFFITH PARK GOLF IS NEXT.

Handicap Tournament Takes on Important Look.

President Puts up Nifty Cup for Coming Affair.

Brintnoll and Waters are Honor Men on Fourth.

BY ALMA WHITAKER.

The Griffith Park Golf Club will begin another tournament next Saturday and Sunday with an eighteen-hole qualifying round that may be played on either day. It will be a handicap event, with as many flights of sixteen as there are entries, but flights will qualify on their gross scores.

First-round match play must be concluded Sunday, the 16th, semi-finals by the 18th, final on or before August 8. The prizes are golf bags, clubs, balls.

There will also be a special handicap event, medal play ball sweepstake for July 22-23, in which the entrance fee is a 75-cent ball.

And the president, Robert Mitchell, has put up a cup for a monthly handicap event, the next of which will be played July 29-30.

THE LADIES.

A few of the women players at Griffith Park already belong to the golf club, but not quite enough to make a tournament. Mr. James E. Aborn, chairman of the Green Committee, entirely approves of lady players and has offered to encourage them with a championship cup if fifty of them show sufficiently keen enthusiasm to join the club.

HEROES OF THE FOURTH.

Harry S. Brintnoll and A. J. Waters, the dazzling heroes of the Fourth at the Los Angeles Country Club, were certainly in triumphant form. Their best ball of 71 won the morning round in the handicap four-somes, and Brintnoll alone had a 74. His last nine was a classic 34, including two 7's. Here it is: 4, 2, 4, 2, 3, 3, 4, 4, 4. Even a Macbeth would feel reasonably elated over that.

And in the afternoon match play, best ball foursomes, they were 5 up on par with their handicap of 5, tying with John W. Wilson and H. Bagby, who were 3 up-3 up. Mr. Bagby, between the intervals of firing off torpedoes on the stone steps to the detriment of golfing nerves, assured all and sundry that Waters and Brintnoll were barred from winning two prizes in one day and that therefore he and Wilson were the winners of the afternoon cup. But the enemy promptly instituted a tactical offensive and jeopardized the Bagby fortifications in a fierce encounter. Hostilities only ceased in deference to the naval fireworks battle that was the piece de resistance of the greatest display on the links in the evening—and both sides are still claiming a tentative victory. The case will be submitted to the Tufts tribunal today.

The champion and his tools.

Freddie Welsh, lightweight champion of the world, and his two hands, which might belong to a woman. When Freddie was last in Southern California he showed his fanciful hands to a Times reporter with the remark that he wasn't breaking his hands trying to knock out dubs when he could tap and outpoint them. He promised to show that he had a wallop when he defended his title and he will have the opportunity to make good his claim in the near future.

Failed to Make a Go.

TWIN CITY SPEEDWAY IS IN HANDS OF A RECEIVER.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

T. PAUL (Minn.) July 5.—Receivership proceedings to straighten out the tangled financial condition of the Twin Cities Motor Speedway Company was agreed upon as the only logical course at a meeting of State officials, American Auto Association representatives and creditors, with J. F. Sperry, managing director, in the office of Mr. Sperry this afternoon.

"I am broke flat; I never was so broke in my life, and I am looking for a job," said Sperry when the officials called on him to see what he was going to do about putting up \$8800 prize money due the drivers in the sole race pulled off yesterday. "A receivership seems to be the only course," said W. C. Barnes, of bonds.

Quite Some Amateur.

CHAMPION KID WILLIAMS MAY FIGHT IN PORTLAND.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

PORTLAND (Or.) July 5.—Kid Williams, recognized bantamweight champion of the world, will appear here within the next month. This information was revealed tonight following a letter from his manager, here today. There has been considerable correspondence over the proposition of Williams coming west and it was only today that Bobby Evans, manager of Billy Maccott, the local boxer, received any kind of a proposition which might be acted on.

In former communications Williams, as befitting a champion, insisted on getting a champion's purse. It was explained to him that boxing in Portland under the ordinance, was for training expenses only, and it didn't look as if this would be all acceptable to the title holder, who is a big card in the East, in spite of counter-claims on the title by Johnny Ertle.

Imagine Evans's surprise when he received a communication stating that Williams would come for enough money to cover reasonable expenses for himself and manager, the only stipulation being that the bout take place before August 30. (Continued on Fourth Page.)

Dr. Liebig, celebrated chemist, calls beer liquid bread. He's right for good beer fulfils two bodily necessities: the human need for pure liquids and for pure food. Superior malt, imported Sager Hops and infinite care in brewing and aging combine these qualities in an especially pleasing way in

# Forty Star Athletes Named by A.A.U. to Run for South in Far Western Championships

## Oh, Look, Girls! TRACK STARS ARE SELECTED.

Forty Candidates Picked for the Far-westerns.

Others may be Taken Along if They Show Class.

Twelve of These to Step Back to Newark Affair.

At a meeting held yesterday evening by the Southern Pacific branch of the Amateur Athletic Union Track and Field Committee, forty of the best track and field athletes of Southern California were picked to represent the local A.A.U. in the far western track and field championships to be held in San Diego August 13.

**PICKING 'EM.**  
The committee, composed of Otto L. Fritch (chairman), Bill Wimer, Bob Weaver and Wallace Robb, went over the list of track men from all over Southern California and picked the forty men on their records of the past season. This, however, does not mean that an athlete will be sent to San Diego if he does not keep in good condition for the big meet, for all those making the trip will have to show the committee that they are in condition to participate when the time comes.

Besides the men named by the committee for the trip south any athlete who can show that he is in condition to make a showing in the far western championships will be taken along. Besides those picked, there will be tryouts held at the Sherman Institute and two of the best Indian runners will be entered in the five-mile run. The committee has also planned on sending several Stanford University men that live in Southern California that are anxious to make the trip. Within the next several days letters will be sent out to the lucky men picked, inviting them to participate in the far western meet and to start training immediately in order that they might make a good showing.

**FOR NEWARK.**  
The knowledge that twelve of the men representing the southern branch of the A.A.U. are to be picked for the national championships in Newark, N. J., will also act as an impetus for real training, as all those taking part in the far western championships are anxious to make the trip east for the national meet.

Following are the men named by the committee and the club or school that they participated for during the last season:

**HERE THEY ARE:**  
Howard P. Drew (L.A.C.) 100-yard, 200-yard and broad jump; Meredith House (Stanford) 200-yard hurdles, 120-yard hurdles and broad jump; Earl Thompson (U.S.C.) 120-yard hurdles, 220-yard hurdles and high jump; Fred Kelly (L.A.C.) 120-yard hurdles, 220-yard hurdles and high jump; Verle Murray (Whittier College) 120-yard hurdles and 220-yard hurdles; Al Gates (L.A.C.) 440-yard dash; George "Tuffy" Conn (L.A.C.) 440-yard dash; Bert Kinsman (Pomona College) half mile; Clarence Beebe (U.S.C.) half mile and mile; Walt Surges (Pomona College) two-mile; De Sturges (Pomona College) one mile; Ernest Fisher (formerly Pomona College) two-mile; C. Borgstrom (L.A.C.) pole vault; Luther Nichols (U.C.) high jump and pole vault; Fred Watkins (L.A.C.) half mile and pole vault; C. Bradley (U.S.C.) 100-yard and 220-yard dashes; Richardson (U.C.) shotput and hammer throw; Pete Barnard (L.A.C.) shotput and discus throw; E. M. Bonnett (L.A.C.) half-mile; Ernest Plavan (L.A.C.) broad jump; H. Lamborn (Manual Arts) broad jump and shotput; 160-yard and 220-yard hurdles; Beverly Anderson (L.A.C.) 440-yard dash; Bob Merriam (L.A.C.) high jump, broad jump and pole vault; George Green (Pomona College) 440-yard dash; E. H. Bagley (L.A.C.) half-mile; throw; W. H. Collins (L.A.C.) high jump; Clarence Bean (L.A.C.) pole vault; Harold Connelley (Stanford) high jump; Win Wheatley (Stanford) high jump; Smith (U.S.C.) discus throw; C. W. Padlock (Pasadena High) 160-yard and 220-yard dashes; Charles Fitzsimmons (Manual Arts) 440-yard dash; F. H. Grebe (Stanford) pole vault; Karl Heberlein (Manual Arts) broad jump and javelin throw; Martin Zelle (Manual Arts) high jump and javelin throw; two Sherman Institute Indians yet to be picked for the five-mile run.

## CHAMBERLAIN IS BILLIARD STAR.

Chamberlain was the star in the Neilsen billiard tournament yesterday evening and defeated Todd, 35 to 25. Todd was playing 40 and Chamberlain 15. The latter scored a high run of 4 and the latter managed to stack up 5 in a row. The match this evening will be between Randall and McMann.

## JOHN B. KELLY SOME OARSMAN.

(BY A. F. HUGHES WIRE.)  
PHILADELPHIA, July 5.—What is declared to be a new record for rowing in this country was established by John B. Kelly of the Vesper Club, Philadelphia, yesterday, when he brought the number of victories in which he has participated this season up to twenty-two. Edward Hadley, also of the Vesper, held the former record for winning races in one season, with twenty.

## Kelly yesterday won the single scull and was a member of the crew which won the senior double scull and the senior eight-oared events in the People's regatta. He had previously set in nineteen winning crews in sanctioned regattas this season.

## BICYCLE EXPERTS READY FOR SENSATIONAL MEET.

BY AL G. WADDELL.

It is quite probable that the great bicycle race meet to be staged on Bicycle Day, July 23, will be held on the Ascot Speedway instead of at Exposition Park.

When the plans for a Bicycle Day were first announced, it was intended to have a parade of bicyclists and a few races at Exposition Park. There were so many entries in the races, even before the complete list of events and prizes had been known, that George Cline, chairman of the Contest Committee, made application to George R. Bentel for the use of Ascot Speedway.

**CAN BE FIXED.**  
Ascot is a licensed A.A.A. speedway and Bentel cannot allow any contest to be held on his course that is not sanctioned by the contest board of the A.A.A. The bicycle events cannot be sanctioned but it is believed that permission will be granted by Chairman Richard Kennard of the A.A.A. for Bentel to turn the speedway over to the bicycle races for one afternoon. The matter has been taken up with Mr. Kennard and if a favorable reply is received, the bike races will take place at Ascot.

If the A.A.A. does not approve of allowing bike races on the speedway, the bike events will be staged at Exposition Park as originally intended.

There are to be twenty events. These races are to follow a bike parade through the city, everyone in line riding a bicycle.

The races include events for both amateurs and professionals and is claimed to be the greatest bicycle race card ever arranged.

**SOME PROGRAMME.**  
In making up the programme, George Cline, chairman of the Bicycle Day Contest Committee, conferred with many old bike riders

## TO REPRESENT US.

Some of the demon athletes chosen to represent the Southern Pacific Association of the A.A.U. in the Far Western track and field championships to be held in San Diego August 13.

At the top is Fred Kelly, hurdler, and directly below him is Mort Bonnett, half-mile. At the left center is Charley Padlock, sprinter, and below him at the lower left is Earl Thomson, hurdler. At the bottom is Howard Drew, sprinter.

## A REAL AID.

Among the first entries to be received is that of H. A. Barber. Mr. Barber is to appear in the parade as one of the aides to the grand marshal, riding a high-wheeler, and he is also to compete in the high-wheeler event at the race track. Mr. Barber rides a fifty-four-inch Victor and was at one time holder of the world's mile record. He was the first man to cover a mile in 2m. 39s. on a bike and he can still hit it off at a fast pace on his high wheel.

Charles Frost has resurrected an old Orient racing bike which used to belong to his uncle in the days of the old Velodrome at Tenth and Main streets. The Orient is tireless and the wheels are somewhat out of true, but with a new pair of tires and a little work, the bike will be as good as it ever was and young Mr. Frost will be ready to go out after some of the prizes which are to be offered.

## ANOTHER ONE.

Jimmie Baldwin, down at the Sax on motor car emporium, has produced a high wheeler for Bicycle Day. He will not tell what it cost him, but it is rumored that the price quoted by the owner was practically what the wheel sold for originally, many decades ago. The announcement of Bicycle Day has put a kick in his bike and it looks as if there will not be enough bikes to go around that day. Everyone who owns a bike and is around the house can get rid of it now and the older the bike, the better price it will bring.

**PROGRAMME.**  
1. One-mile race open to Postal, Federal and Western Union messengers.  
2. Half-mile race open to boys 12 to 16 years of age.  
3. One-mile race open to boys 12 to 16 years of age.  
4. First heat of two-mile professional free-for-all.  
5. One-mile race open to members of the Los Angeles Athletic Club.  
6. Invitation professional mile dash.  
7. One-mile race open to riders of high wheelers.  
8. Second heat two-mile professional free-for-all.  
9. Half-mile race open to amateurs over 40 years of age.  
10. Half-mile dash open to newspapermen only.  
11. Final heat two-mile professional free-for-all.  
12. Five-mile relay race open to five-man teams representing Firestone, Kelly-Springfield, Goodyear, United States, Goodrich and other tire companies. All contestants

must be regular employees of the company they ride for.

13. Two-mile tandem race.  
14. Three-mile handicap race open to all amateurs. Entries for this race close at 8 o'clock p.m. July 14. Entries may be made with George Cline, at Cline-Cline Company, or any bicycle dealer.

15. Half-mile race open to motion-picture actors in make-up.  
16. One-mile race for teams representing the police and fire departments of Los Angeles.

17. Half-mile sprint race open to Los Angeles county motorcycle officers.  
18. Two-mile amateur relay race open to teams representing any school, college or club.

19. Boys two-mile relay race open to teams of two riders under 16 years of age mounted on bicycles of the same make and equipped with the same tires.  
20. Half-mile challenge race. Barney Oldfield, Johnny Dye and Eddie Lindenger.

J. S. Edstrom, president of the International Amateur Athletic Federation, the world-wide governing body of sports, recently arrived in this country from Sweden. He will study the American system of athletic instruction during his tour of this country.

## JIMMY CLABBY BEATS DAVE SMITH; LATE AUSTRALIAN BOXING GOSSIP

[SPECIAL CORRESPONDENCE.]

SYDNEY, May 31.—The fight between Dave Smith and Jimmy Clabby (U.S.A.) in Sydney Stadium, May 20, turned out one of the best of all over Jimmy in that fight, will agree with Smith; but it is a fact that Clabby is in the very pink of boxing form, fast and tricky and powerful. There is no present arrangement for another match between him and Dave, but with the two men occupying the strongest boxing limelight, talk of that nature is sure to be revived. The engagements made for Clabby are first with Fritz Holland and then with Dave Smith. Jimmy is having a turn of boxers' luck on the racecourse; and while that cornucopia is to be tapped he is fairly indifferent as to what happens inside the ropes.

**McGOORTHY'S FIT OF SHYNESS.**  
Vainly is the printed form of contract waved before the eyes of a certain Edward McGoorthy. Making his frequent pile on the racecourse, Eddie after a day of disappointments among the crowd will ring the stadium and talk about fighting; but the wheel of fortune spins the other way, and he grows ring-shy again. This fit of ring-shyness has now lasted for many months. He promised to fight Bill Collins, antagonist of Sam Langford and Gunboat Smith, but postponed the date, saying that he wanted three months to prepare in. He started training, and stopped it as soon as the right horse ran first past the post.

Only the reappearance of Dave Smith drew Eddie from his chair in Easy-street. He called on Snowy Baker after the Smith-Clabby match and offered to fight the Australian. Maybe Eddie has figured that he really has that "Indian" on the Australian; and his record of three knockouts is certainly a big moral advantage. However, no match has been made.

**THEY GOVERN A JOKER.**  
Poor Alex Costica of Rumania! If all the Balkan mountains had fallen on him, he could not be more obliterated than by his "right" with Les Darcy; and he will return to America by this boat, the Ventura. He is absolutely of no further use in the Australian ring. When he came across to Australia, he was taken a good deal on trust; but since his welterweight record claimed that he had knocked out Johnny Summers, Private Basham, Badoud, the Dixie Kid, Gus and several Americans, and it was further credited that he had landed Gallic dash from Georges Carpentier, he looked good to make a fighting middleweight. A huge crowd went to Sydney Stadium on a dismal date in May—the thirteenth—and witnessed a dismal sacrifice. An out-of-sorts human creature with wild eyes, shaking knees, and a skin yellow with fright and malaise, came into the ring; and for four rounds clung desperately to Darcy's neck. Darcy hit him smartly, and Referee Arthur Scott allowed the helpless Rumanian twenty breaches of rule, but the Balcan boy had not an ounce of fight in him. He did not hit nor attempt to hit Darcy in four rounds, and then the fight was stopped.

**GIANT KILLER TAKES.**  
The simple Rumanian had been filled with tales of Darcy the Giant-Killer, and adding them to newspaper stories of Anzac soldiers eating three Balkan natives before breakfast every morning, began to feel like the ant which challenged the bulldog. Other natives before him, and assured him that Darcy would kill him, and he accepted this lie with the simple faith of his people. "Everybody tell me," Darcy said, "I am myself good-night," he explained afterwards in his broken English. One of his joking American friends told him to practice getting up at the count nine, and another told him to practice getting up at the count ten. Darcy had killed him, and unknown to his camp, on the day before the

fight he had got out at 10 o'clock, roamed the roads from 10 o'clock to 10 o'clock, and his collapse was a nasty knock-out. He was a very pale man, and his eyes were sore ever since. "I don't know," said Costica, "I don't know." Darcy, is busy giving out publicity to show that he is a fighter, not a pet patient of a nerve-professor.

Here's the Reason.

**PITCHING WINS**

**TIGER GAMES.**

Hustling, Fielding, etc., are Minor Factors.

Many Vernon Twirlers Stage Startling Surprises.

Decanniere Develops into a Real Sensation.

BY HARRY A. WILLIAMS.

The success of the Vernon club, which at this writing, is two and a half games more successful than the Los Angeles team, has been the cause of much conjecture and speculation.

Various reasons have been advanced, all of which had more or less bearing on the subject, but none of which dealt directly with the main reason.

Hustling has had something to do with it, as had fine fielding, top-notch catching, the ability to hit in clutch and the "breaks," but the main story can be told in one word—pitching.

There are other clubs in the league which are probably as good defensively in a fielding sense, and have good catching and more hitting, while the Vernon club has no monopoly on the business of hustling. Placed behind poor pitching, the team does not look any different from any other club under the same conditions. On the road, the players began to sag as a result of their sojourn in Salt Lake City, the place had a tough time winning and, in fact, did not win quite half its games. And returning home, it lost a game of seven to San Francisco. This was ascribed to weak hitting. The writer took issue with the statement, and an analysis of the games clearly showed that it was due to comparatively poor work in the box.

**ALL OF 'EM.**  
Against Salt Lake, the following were the Hamptons who every game in which they had reasonably good pitching, and clumped those in which their heavier hitters were called upon.

The superb work of the Vernon twirlers has been one of the main reasons of the success of the team, and it was rumored that they were reserved for him along with Bill. In fact, he was so highly regarded that he was accorded the honor of pitching the opening game. Decanniere confounded all those reports by pitching a brilliant and consistent ball, and has proved to be the toughest left-handers in the league to beat.

Then there is the rather remarkable case of Frank Arrellanes. Released by two clubs last season and regarded as practically through, the Vernon club picked him for a try-out. Vernon nor no other club would have paid a dime for Arrellanes last season, but the latter insisted so strongly that he could still pitch that he was accorded the favor of a try-out. Even after the season started strong hints were dropped that he would be canned, but he changed his mind and pitched a series of games that won him a place in the team.

While not pitching as well as he did last season, he is still a valuable asset to the team. He is a right-hander, and a certain mastery, and he is a hard worker. He is a hard worker, and a certain mastery, and he is a hard worker.

Decanniere last season, he had a record of 10 wins and 10 losses, and a certain mastery, and he is a hard worker. He is a hard worker, and a certain mastery, and he is a hard worker.

He is a hard worker, and a certain mastery, and he is a hard worker. He is a hard worker, and a certain mastery, and he is a hard worker.

**JURY DISAGREES ON CASTAIGRA SHOOTING.**

**WHETHER INTENT WAS TO KILL IS THE ISSUE.**

Defense in Trial of Case Resulting from Long Dispute Among Ranchers Over Water Hole is that Shooter Believed the Boys Had Come to Poison the Well.

The jury in the trial of R. R. Sloan failed to agree as to whether the defendant was guilty or innocent of the charge of shooting A. J. Kaufman and Abe Gordon, with intent to kill. From evidence in the trial before Judge Willis, it appeared that the shooting, which occurred on a ranch in the Castaigra Canyon, was the result of a long feud over a water hole.

Deputy District Attorney Selph introduced testimony to show that Sloan on a number of occasions had laid in wait for the two boys and had shot at them. On the morning of the shooting, it was testified, the young men had filled a tub with water and were carrying it away from the water hole out of the brush and with the shotgun fired and hit them both in the back.

Kaufman was seriously wounded and had to be taken to a hospital. Sloan thought the boys intended to steal and were carrying away some of his property. Yesterday the defense attorney introduced several witnesses, principally employees of Sloan, who declared that the boys had threatened to poison the water. The defendant took the stand and testified that he had believed the boys had poisoned, or were going to poison, the well, which stood on the boundary of his ranch and that of the Kaufman family. It was only in defense of his rights that he shot, he declared. The jury could not decide and the case will probably be retried.

**DECEASED WIFE.**  
**BLAME STEP-CHILDREN.**  
When Camille Scarioano married Pasco Scarioano, a rancher, she brought to his home five children by a former marriage. The eldest boy went into the navy, and when he returned from the enlistment, Mr. Scarioano complained that he would do no work on the ranch. He also complained that his step-children were not respectful to him.

Finally it came to the pass, he says, where he declined to stay if the seafaring boy returned. The youth finally left and the stepfather came back. But this time he was not satisfied. Mrs. Scarioano declared that her husband forced her to go out in the rain at 3 o'clock in the morning. He said he begged her not to go out in the rain. There were other allegations which were all told in Mrs. Scarioano's testimony.

Before Judge Wood yesterday, she charged cruelty. He alleged desertion in a contemptuous manner. The decree was given to Mrs. Scarioano.

**EXPERT OPINION.**  
**DEMAND FOR SERVICES.**  
H. E. Bean, representing his own and the assigned claims of Albert C. Martin and Charles E. Richards, all architectural and structural engineers, are demanding in a suit filed against Attorney William A. Alderson yesterday, \$109,500, for services rendered to have been given in examining the pier and wharf at Long Beach, which collapsed on Empire Bay, 1914, with terrible results.

This work was done at the request of the Chafar suit which Mr. Alderson won in the local court, but lost in the Superior Court. The engineers claimed they examined the pier and wharf to determine how it was built and the cause of its collapse and the cause of its collapse and the cause of its collapse.

**GOES TO JAIL.**  
**ACCUSED OF THEFT.**  
Judge Reeve of the Juvenile Court yesterday committed John Murray, better known as "Red Murray," to jail on the charge of stealing a car to the value of \$1,000. If Murray makes good at jail he is to return to court for judgment at his majority for further proceedings.

The young man's father is dead and his mother is dead and dumb. He has been in custody on several occasions. It appears that Murray was the alleged thief of twenty-one automobile tires, valued at \$500, from the Knight Car Company.

**COURT'S AUTHORITY.**  
**NOT STATE TROOPS NOW.**  
While the attorneys for Harry B. Light, who is seeking to be placed on the retired list of the National Guards with the rank of major, will attack the constitutionality of portions of the State law relating to the Guards, Maj. A. J. Copp and former Judge Robert M. Clarke will question the jurisdiction of the Superior Court on the ground that the National Guards are operating under the Presidential proclamation.

A hearing was had in Maj. Light's suit before Judge Works yesterday on the demurrers of the defendants to the complaint, which the court took under advisement.

**ACCEPTED APPLS.**  
**CONTRACT SUPPORTED.**  
In March last William Pullevich sold Morris Gendel a carload of apples at \$1 a box. It was agreed that the apples should be of the best quality and that Mr. Gendel would deliver them at Bakersfield, where they were shipped, before accepting the fruit. Mr. Gendel will appear in court to offer to return the remainder.

Mr. Pullevich brought suit to recover \$440, and was asked for judgment for that amount with interest by Judge McCormick yesterday. He held that \$440 was the contract price, further that Mr. Gendel did not notify Mr. Pullevich of the condition of some of the apples, but continued selling.

**IN AND OUT.**  
**ABOUT THE COURTS.**  
Damages awarded. A jury in Judge Wilbur's court yesterday awarded L. W. Hornum \$150 damages for injury to his car run over by an automobile owned by A. K. Tubbs and driven by F. W. Frith.

**UNDESIRABLE.** Raphael Maure-

## OFFER HELP TO TRIM BUDGET.

**Citizens' Committee has View of City Expense Roll.**

**Shows Small Increases Over Last Year's Figures.**

**Business Men will Suggest Further Cuts.**

Members of the special committee of business men who propose to assist the City Council in its task of trimming the budget for the present year, caught the first glimpse of the proposed budget last night, and at the same time the Council Budget Committee members themselves saw for the first time the result of their work of the last three months.

The conference last night was only a hurried and casual examination of this document, and at a later meeting the business men's committee will be asked to submit suggestions for cutting expenses in various city departments below the tentative appropriations recommended by the Budget Committee.

The figures were presented in tabulated form which show the appropriations for the various departments tentatively fixed for the present fiscal year as compared with the amounts appropriated and expended last year and the amounts requested by the various departments. The increased allowances and the decreased cuts were shown to members of the Budget Committee called upon to explain the increases.

**COMMITTEE'S WORK.**  
The committee of business men included representatives of the Chamber of Commerce, the Merchants and Manufacturers Association and the Los Angeles Realty Board. Those present included Gilbert S. Wright (chairman), John S. Mitchell, E. G. Judah, Fred Flint and W. I. Hollingsworth. Chairman Wright of the Budget Committee presented a statement of the work of the committee which was supplemented by Councilmen Betkouski and Wright.

Mr. Wright said that the estimated budget for 1916-17 was \$2,000,000, last year, and it is proposed to keep them at about the same figure. He cited the thirteen items which have been increased, stating that the area of the city has increased from 117 square miles to 231 square miles.

The Public Service Commission presented to the committee the summary of the city's budget problem prepared by the city engineer, which gave the approximate expenditures for the various city departments and the conditions as to where the men who want lower taxes would suggest that the city should cut down the city's budget by 10 per cent.

**WHEELER DEFiant.**  
"We are going to do our duty as we see it in making up this budget," said Mr. Wheeler, "and we will not be bluffed and won't be bulldozed. We are anxious, though, to receive any suggestions that will enable us to give the taxpayers better service, and we hope you will be able to help us in this regard."

In presenting the comparative budget figures compiled by Deputy Auditor McClellan, the Budget Committee showed that the tentative appropriations for the present year were \$1,177,245, as compared with \$1,700,000 last year, or an increase of \$417,245. The report showed, however, that the city's budget is almost entirely due to causes beyond the control of the Budget Committee.

It is likely that the Budget Committee for elections this year, and the new street-inspection ordinance calls for \$18,000 for inspectors' salaries, most of which is refunded. The two-platoon fire department ordinance calls for \$187,221 in increased salaries, and the library account fixed by the charter and contract with the city of \$43,000. These and other arbitrary increased expenditures make up the \$417,245 increase in the present year's budget.

**PAY ROLL GROWS.**  
The city pay roll for the present year is tentatively fixed at \$7,761,485, as compared with \$7,221,485 last year, or an increase of \$540,000. The greatest increase is in the engineering department, where the new inspection ordinance and additional work in the new additions brings an increase of \$125,000. More policemen bring the police pay roll to \$1,787,940, which is \$149,485 higher than last year. The pay for election officers is \$10,000 higher, while the park department pay roll is proposed for a gain of \$21,000. Salaries for the Civil Service Commission proposed for this year are almost doubled, the gain being \$5910, and the health, library and City Treasurer pay rolls are also substantially increased.

**Making Ready.**  
**HOSPITAL RESOURCES.**  
Army and Navy Authorities Gather Statistics of Capacity and Equipment that Might Be Ready for Care of Disabled if Need Arises.

In response to letters from Capt. W. W. Gilder, U.S.N., commandant of the Twelfth Naval District, local hospitals have furnished the military and naval authorities detailed information regarding their staff, equipment and amount of medical supplies on hand. The information is being compiled by Capt. Gilder in a comprehensive survey of the Pacific Coast hospital resources.

Local military and naval forces in this the probability of locating the greater part of army recuperation hospitals in California, it is said, has been agreed to furnish data to Capt. Gilder.

**BELGRANO PRESIDENT OF ITALIAN BANK.**  
The directors of the Fugazzi Banca Popolare Italiana of San Francisco have elected F. N. Belgrano, former vice-president and cashier, as president, to fill the vacancy left by the death of J. F. Fugazzi. Mr. Belgrano was elected vice-president and J. H. Barker, cashier.—(Advertisement.)

**"Take Time by the Forelock."**  
Telephone your Sunday ads to The Times Friday or early Saturday.

## STALKED WITH DRY GOODS BOX.

**Under Its Cover Deputies Got Armed Man While Others Divert Attention.**

William Franklin, a rancher residing near San Gabriel, failed to notice the rapidly with which a huge dry goods box changed locations in his yard yesterday morning and as a result is now in the psychopathic ward of the County Hospital. Franklin is accused of having beaten his wife and done other unlawful acts.

The San Gabriel constable secured a warrant to arrest him, but when he tried to serve it Franklin barricaded himself in his home and threatened to shoot anyone who approached the house.

After keeping vigil over night with his assistant constable called on Sheriff Cline for reinforcements for the purpose of capturing the stronghold.

Deputy Sheriff Moody and Sweeney hurried to the scene, but when they attempted to arrest the man were also halted by his gun. They tried a number of ruses to divert Franklin's attention, but all failed until the deputies discovered a large packing box close at hand.

While the San Gabriel officers kept Franklin interested the deputies sneaked along under the box, reached the rear of the house and gained access by the kitchen door.

They captured Franklin and took him to the hospital, where he is under observation.

**ANSWERS ROBERTS.**  
Rival Candidate for Supervisor Criticizes Councilman's Acts.

John T. Wilson, candidate for Supervisor from the Fifth District, City of Los Angeles, at a daily before a large audience at Daly street and Pasadena avenue last night, sharply criticized Councilman Roberts for making a campaign for Supervisor on a platform of a reduction in county taxes.

"As a candidate for the City Council Mr. Roberts pledged himself to stop extravagance in the city's funds and to reduce taxes," said Mr. Wilson. "After his election, however, Mr. Roberts kept his pledge by voting for the city and county joint appraisal commission, that has increased the burden of taxation about 40 per cent."

**VALUABLE HEALTH HINTS For All Readers**

**CATARH.**  
Just because you hawk and spit and your nose is wet, cold, red, sore and a nuisance, don't merely plug it up. You can't cure catarrh by greasing your nose. Take S. S. S. regularly and you will drive catarrh out of your blood. The membranes will soon recover and no longer continue to accumulate thick mucus that gathers and thickens into catarrh. S. S. S. stimulates the cells of the tissues to select from the blood their own essential nutrients. Rapid recovery from catarrh, inflammation in the stomach, kidney, bladder and all membranes is the result.

**MALARIA.**  
Throughout the country, wherever malaria abounds, are happy, joyful people to whom S. S. S. has given relief in the treatment of malaria after the most skilful treatment has failed. The gaunt complexion of malaria's victim, the chills and fever, the shivering, the persistent anemia, when the blood turns to water and the system wastes away—these are the conditions S. S. S. so effectively assists in overcoming, by helping to restore the blood to its natural vigor.

**STUBBORN SORES.**  
Sometimes a sore spot becomes indolent. The tissues surrounding it lose tone and are unable to contract and heal. The sore is not cured by the application of any ointment or dressing. It is then chronic. S. S. S. is quickly accomplished, as S. S. S. is not only a blood purifier, but it is also a powerful antiseptic and disinfectant. It kills the bacteria and restores the blood to its natural vigor.

**POISONED BLOOD.**  
So many different poisons contribute to poison the blood and the effect is so startling that it is often mistaken for a stroke. It is not a stroke, but it is a poisoning of the blood. S. S. S. stimulates the cells of the tissues to select from the blood their own essential nutrients. Rapid recovery from catarrh, inflammation in the stomach, kidney, bladder and all membranes is the result.

**RHEUMATISM.**  
In any form of rheumatism give the patient S. S. S. It is a powerful blood purifier and it is also a powerful antiseptic and disinfectant. It kills the bacteria and restores the blood to its natural vigor.

**DEPOSITS.**  
On July first the deposits of this Bank were twenty-two million dollars, a gain of over two million dollars since January first, and the largest amount we have ever shown in a printed statement.

The number of our depositors is now over 58,000, an increase of 2000 in six months.

These substantial and gratifying gains are the best evidence that could be desired of the confidence placed in this Bank by the people of Los Angeles.

Nearly one-fifth of the total Savings Deposits of this city are now carried on our books.

## Seek Indorsement.

**(Continued from First Page.)**

tion," he said. "I know my strength among the 'Progressives' many of whom are now Republicans, and I know how strong I am with the prohibitionists. With their support I certainly can win as the Republican nominee."

Mr. Wallace refused to state whether he will be a candidate if Gov. Johnson cannot be convinced that he (Johnson) has no chance. "I cannot discuss that," was all Mr. Wallace would say.

Adding to the complex situation, Francis J. Heney said yesterday he will probably be a candidate, and if so he will run as a "Progressive Democrat." "I am sure I can secure the majority of the 'Progressive' vote," he said, "because I have not betrayed that party. Others have, and they should be backward about asking its support for any office."

California is overwhelmingly Republican and the State is destined to have a Republican majority this year. So far only one Republican has announced his candidacy for the Senate. He is Willis H. Booth.

**REPUBLICANS FOR BOOTH.**  
Unlike the Governor and Mr. Wallace, Mr. Booth is not a prodigal son returning to the fold and asking for something of which he is not deserving. He has been a lifelong Republican and has the indorsement of leading Republicans throughout the State.

Former Judge Walter Bordwell, who has been frequently mentioned as a possible Republican candidate, refuses to discuss the matter. His closest friends say he has decided to keep out of the race.

**ENGINEERS SECURE IRRIGATION DATA.**  
[LOCAL CORRESPONDENCE.]  
DINUBA, July 5.—Lewis C. Hill and W. H. Code, engineers of Los Angeles, have been here collecting data to be used in connection with the proposed irrigation system of which the central feature will be an immense storage reservoir at Pine Flat on Kings River. The project is expected to cover land in Refugio, Kern and Tulare counties and it is probable that upwards of 250,000 acres of farmland will be irrigated. Rough estimates place the cost of the completed work at \$4,000,000.

Engineer Hill, who chose Code as his assistant, was sent here under orders from Franklin K. Lane, Secretary of the Interior, to prepare a report which he will make with the State Reclamation Bureau.

Many of the preliminary moves in the organization of an irrigation district for this proposed system have been made. Fresno has filed an application for a water right on the Kings River, and property has been secured on option on which to locate the controlling works at the dam site.

**POISONED BLOOD.**  
So many different poisons contribute to poison the blood and the effect is so startling that it is often mistaken for a stroke. It is not a stroke, but it is a poisoning of the blood. S. S. S. stimulates the cells of the tissues to select from the blood their own essential nutrients. Rapid recovery from catarrh, inflammation in the stomach, kidney, bladder and all membranes is the result.

**RHEUMATISM.**  
In any form of rheumatism give the patient S. S. S. It is a powerful blood purifier and it is also a powerful antiseptic and disinfectant. It kills the bacteria and restores the blood to its natural vigor.

**DEPOSITS.**  
On July first the deposits of this Bank were twenty-two million dollars, a gain of over two million dollars since January first, and the largest amount we have ever shown in a printed statement.

The number of our depositors is now over 58,000, an increase of 2000 in six months.

These substantial and gratifying gains are the best evidence that could be desired of the confidence placed in this Bank by the people of Los Angeles.

Nearly one-fifth of the total Savings Deposits of this city are now carried on our books.

The great banquet was tendered Bishop Wilbur at Pasadena.  
A mountain fire threatened a large property near San Bernardino.

**THE SKY.** Clear. Wind at 5 p.m. westerly; velocity, 8 miles. Thermometer, highest, 69 deg.; lowest, 56 deg. Forecast: Fair. For complete weather report see last page of Part I.

**THE CITY.** Ten women and five men were injured, one perhaps fatally, when a Santa Fe train was wrecked at Barstow.

Rising like a torch, a "bad man" the black-hand belt plunged from the balcony window and was fatal to the police as he broke the line of the police.

Many more workers were employed at the harbor and break the Los Angeles strike; the Master of the Association pledged support.

The divorced wife of a prominent man Barbara Mann worked as a telephone girl to pay her way to her rich husband's home.

**FRIDAY MORNING, JULY 7**  
**DIG THREE AT RALLY.**  
Taft, Roosevelt and Hughes to Speak.  
Greatest Meeting of Campaign will be Held at Madison Square Garden.  
Main Expected to Set Pace by Republican Victory in September.

**NEW YORK BUREAU OF THE TIMES.** July 6.—Former President Theodore Roosevelt and William H. Taft and Charles E. Hughes, the Republican candidate for President, will meet together on some platform and speak there in a grand closing rally of the campaign at Madison Square Garden.

This information leaked from the Hughes headquarters at the Hotel Astor today, where plans for the affair are being made. The two most far-reaching meetings of the campaign have already begun. The exact date of the meeting of the two former Presidents and the Republican Presidential candidate has not been set. It will be within a few days of election, possibly the Sunday night before election day.

After setting together at this meeting, Mr. Taft and Mr. Roosevelt will start off with speeches for the country for Mr. Hughes. It is unlikely that the two ex-presidents will demand from the campaign leaders to have them go there. It can be arranged.

**OUTLOOK IN MAINE.**  
The Republican prospect that this will regain its old-time form and run in the Republican column is carried out, there will be a Republican gain of a United States Senator from the present position. Senator Johnson, however, and a successor to the late Senator McKim, will be chosen, but the Republican
